SEASON 22/23

Cubic Outdoor Living

Welcome to **CUBIC OUTDOOR LIVING** and our custom made outdoor furniture. We manufacture furniture that adds comfort and luxury to your outdoor living space. The combination of the highest quality materials and distinctive design makes our outdoor furniture unique. Each piece of furniture is handmade in our manufactory and meets the highest quality standards. The unique construction method guarantees the durability of the outdoor furniture pieces and the dry storage of your garden utensils, no matter what the weather conditions are. Each piece of furniture is unique and is adapted to the conditions on site - there are no limits to your individual ideas. When designing your outdoor area, the CUBIC OUTDOOR LIVING team is always at your side with knowledge and expertise. Let our collections inspire you!

CUBIC OUTDOOR KITCHEN C1

CUBIC OUTDOOR KITCHEN C1

Cubic Outdoor Kitchen

Summer, sun, outdoor kitchen! Together with family and friends, the open-air cooking area will soon become your new favourite place. The production of the weatherproof **CUBIC OUTDOOR KITCHEN** takes place in the heart of Germany in our manufactory. And individuality is particularly important here. Thanks to the production by hand, we are able to respond to wishes that are not standard. At the same time, all materials are optimally matched for outdoor use. During the production, we use a modular system of the **CUBIC OUTDOOR KITCHEN** which additionally simplifies the manufacturing and planning process. The design and arrangement of the modules can be freely combined. There are no limits to your ideas. Together with you we find the optimal solution!

CUBIC OUTDOOR KITCHEN C1

365 days

Outdoors like indoors. 365 days a year. Rain, storm, snow, salt, sand or sun. The **CUBIC OUTDOOR KITCHEN** withstands any weather. Through decades of experience and further development, our products are optimally designed for durability and resilience. As a result, the **CUBIC OUTDOOR KITCHEN** and the built-in cooking units do not require any roofing and all your kitchen utensils are stored safely and dryly in drawers and storage spaces. Thanks to our experience, we can guarantee the durability and weather resistance of all our outdoor furniture and the materials used.

CUBIC OUTDOOR KITCHEN C1

Create your dream Cubic kitchen.

LOCATION

In the garden, on the roof terrace or the outdoor seating area - there are many possibilities where a CUBIC OUTDOOR KITCHEN can find its place. Is the kitchen accessible from all sides or does it stand against the wall?

COLLECTION

Spoilt for choice: Decide on one of our four outdoor kitchen collections or combine elements of the different models.

CONNECTIONS

Water, electricity and gas are the most important elements of a functioning outdoor kitchen. Hot water can be provided by a an electric water boiler. Electrical outlets should also be included.

BUILT-IN APPLIANCES & STORAGE SPACE

Whether it's a sink, cooktop, sink drawer, gas grill, or induction cooktop - which built-in appliances should your kitchen be equipped with? You will also need additional storage space for cutlery and dishes.

SEATING AREA

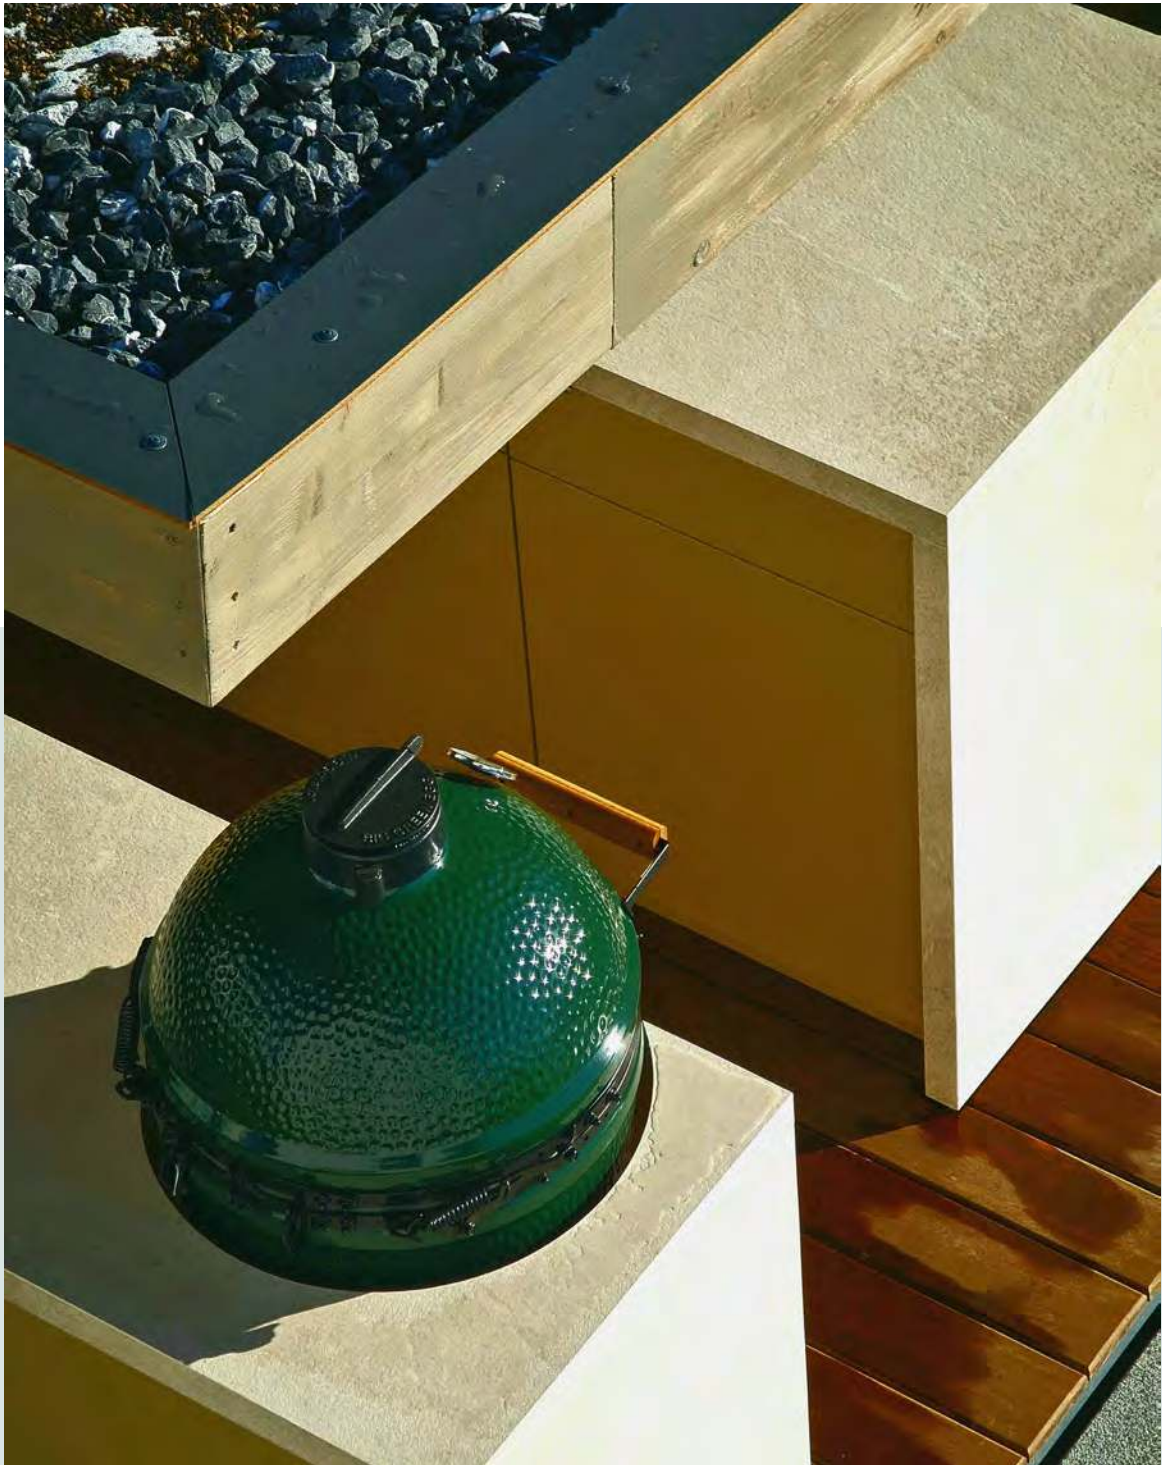

If there is enough space in your garden or on your terrace, you can additionally plan a seating area with bar stools at the outdoor kitchen for a nice summer evening.

COLOUR & WOOD

Choose the exact shade that perfectly matches your kitchen and the surroundings. Wood panelling adds a visual highlight.

WORKTOP

You have the choice between a ceramic or natural stone worktop. With the thickness of the worktop, you can play between light and solid look.

CUBIC OUTDOOR KITCHEN C1

C1

The **CUBIC OUTDOOR KITCHEN C1** stands for the individual design of your personal preferences. Intelligent planning can make things more practical and easier in the outdoor area. The design of the kitchen follows this principle. The **CUBIC OUTDOOR KITCHEN C1** is composed of different kitchen modules. The grill module allows the installation of a gas or a ceramic grill. The sink module accommodates a stainless steel sink or a ceramic sink and an intelligent waste system. A dishwasher or sink drawer can also be integrated. Additional storage modules, optionally with drawers, provide enough space to store all cooking utensils. Another module can accommodate a refrigerator. The linear shapes characterize the overall appearance of the outdoor kitchen and form a unity. The **CUBIC OUTDOOR KITCHEN C1** can be planned not only as a wall unit, free-standing cooking island and as a kitchen block, but in any shape that suits your garden exactly.

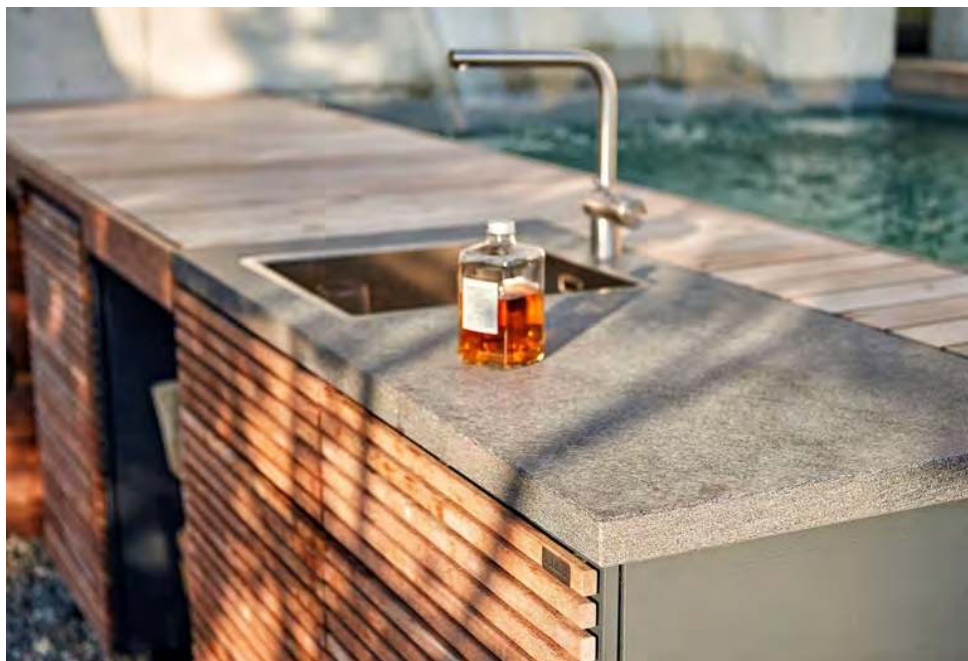

CUBIC OUTDOOR KITCHEN C1

CUBIC OUTDOOR KITCHEN C1

Endless possibilities. The C1
leaves nothing to be *desired*.

CUBIC OUTDOOR KITCHEN C1

CUBIC OUTDOOR KITCHEN C2

C2

Intelligent minimisation of the essentials makes the **CUBIC OUTDOOR KITCHEN C2** a purists version of the original **CUBIC OUTDOOR KITCHEN**. The **C2** offers an optimal solution for those who want to combine the ease of the outdoors with a functional outdoor kitchen. Inlaid doors and flush styling gives the **CUBIC OUTDOOR KITCHEN C2** a distinctive, minimalist look. The thin ceramic worktop further emphasises the light design; as standard, the worktop is 16mm thick. The design and arrangement of the grill modules, cooling modules, sink modules and storage modules can be freely combined, as usual. A cooling drawer and a sink drawer are the special highlights of the **CUBIC OUTDOOR KITCHEN C2**.

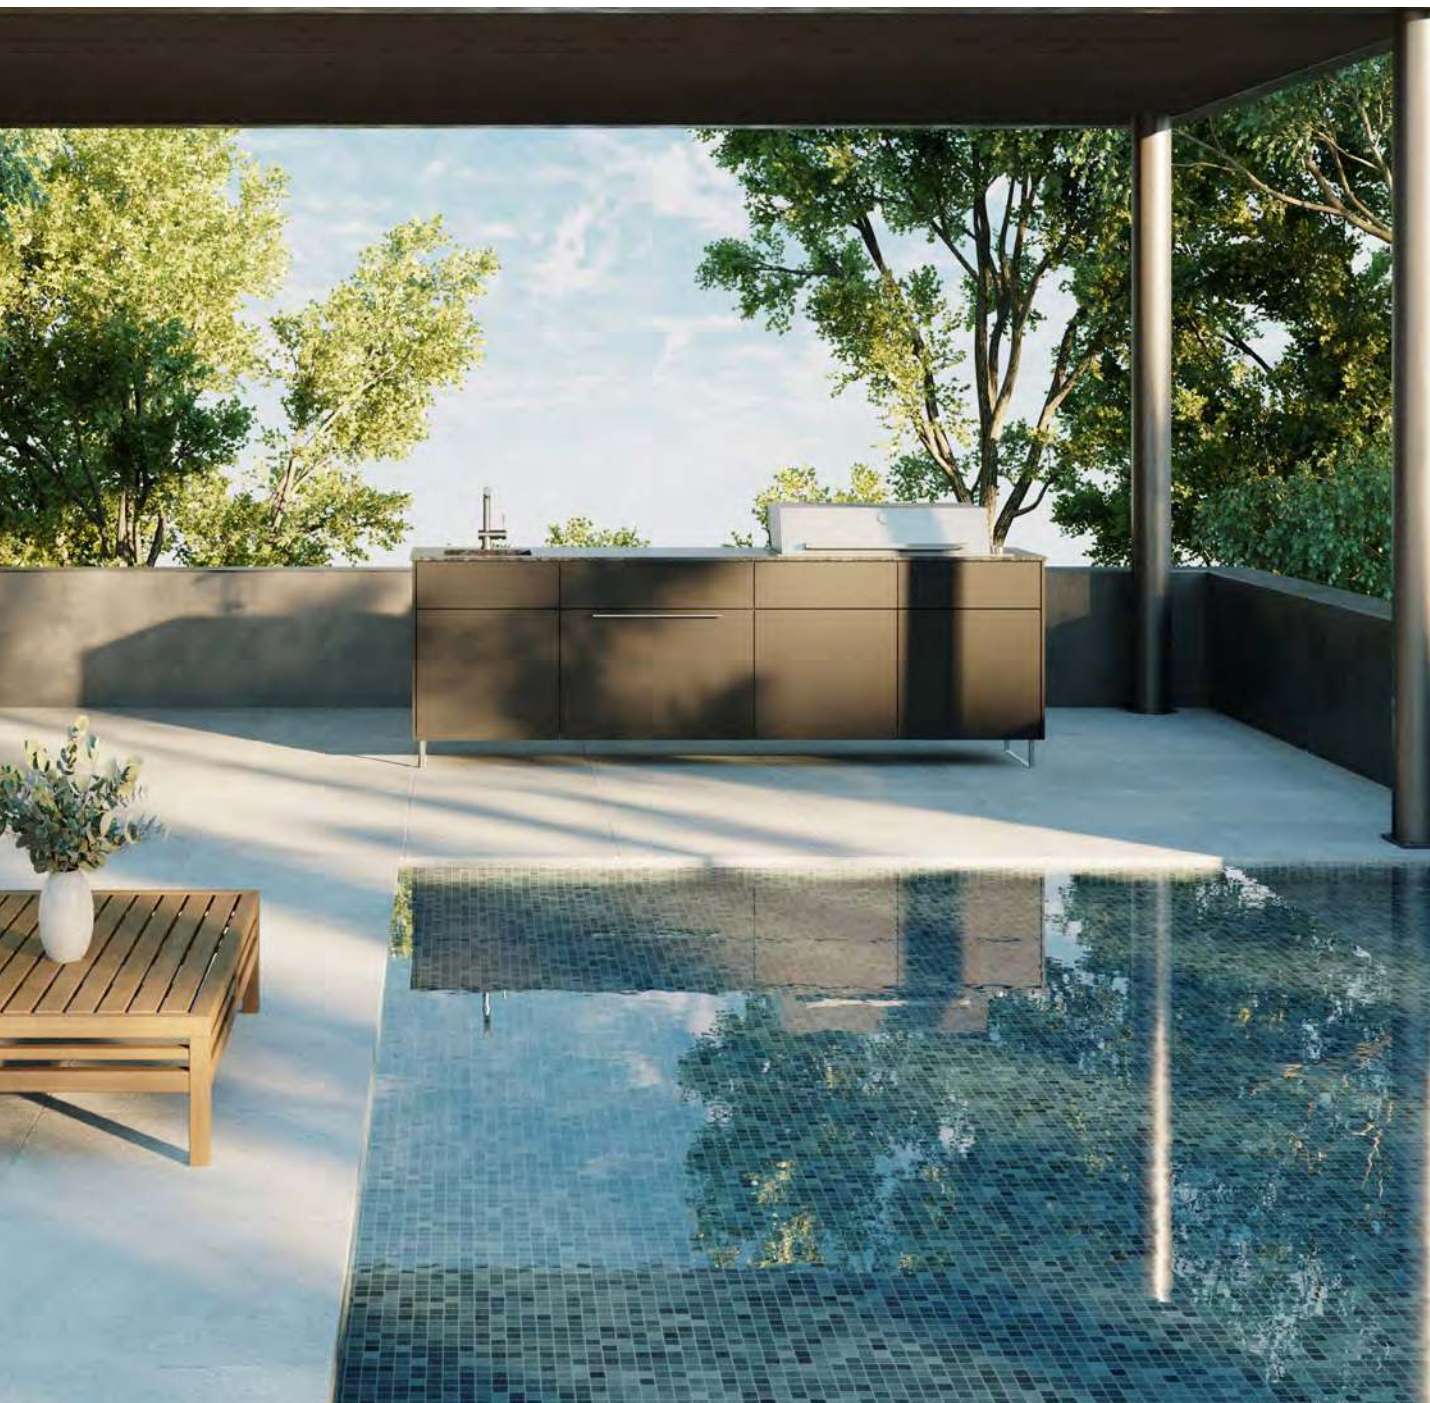

CUBIC OUTDOOR KITCHEN C2

Design in perfection. A filigree variant of an outdoor *kitchen*.

CUBIC OUTDOOR KITCHEN C2

KITCHEN IN A TABLE

Kitchen in a table

The **CUBIC KITCHEN IN A TABLE** combines the functionality of an outdoor kitchen with timeless elegance through extraordinary design. Cooking and dining area become an integrated space by the innovative kitchen table. An induction cooktop is integrated into the high-quality ceramic worktop, which can be used in any weather. In addition, the kitchen table is equipped with bar stools, creating a common place for cosy hours. Drawers also provide storage space. The **KITCHEN IN A TABLE** is available in two different versions: with a visible or an invisible hob. The visible induction element is a high-quality outdoor teppanyaki from the Belgian specialist indu+. A very subtle but extraordinary alternative is the invisible hob. In this case, three induction hobs are installed under the ceramic worktop. After cooking, this area can additionally function as a table.

KITCHEN IN A TABLE

CUBIC OUTDOOR KITCHEN C2

INVISIBLE INDUCTION COOKTOP

Feels like magic

As you can see, you can see nothing. With the **CUBIC INVISIBLE COOKTOP**, an induction cooktop is integrated into the ceramic worktop. Your cookware is heated through ceramic without overheating the ceramic. A special plus is the effective heat utilization of the ceramic. On the worktop, only small, wafer-thin circles indicate where the induction elements are located. Ceramic itself is ideal as a surface for a hidden induction hob: the material is cut-resistant, abrasion-resistant and heat-resistant. The hob is easy to clean, insensitive and well protected. Up to three induction hobs can be combined in one module.

CUBIC OUTDOOR KITCHEN C3

C3

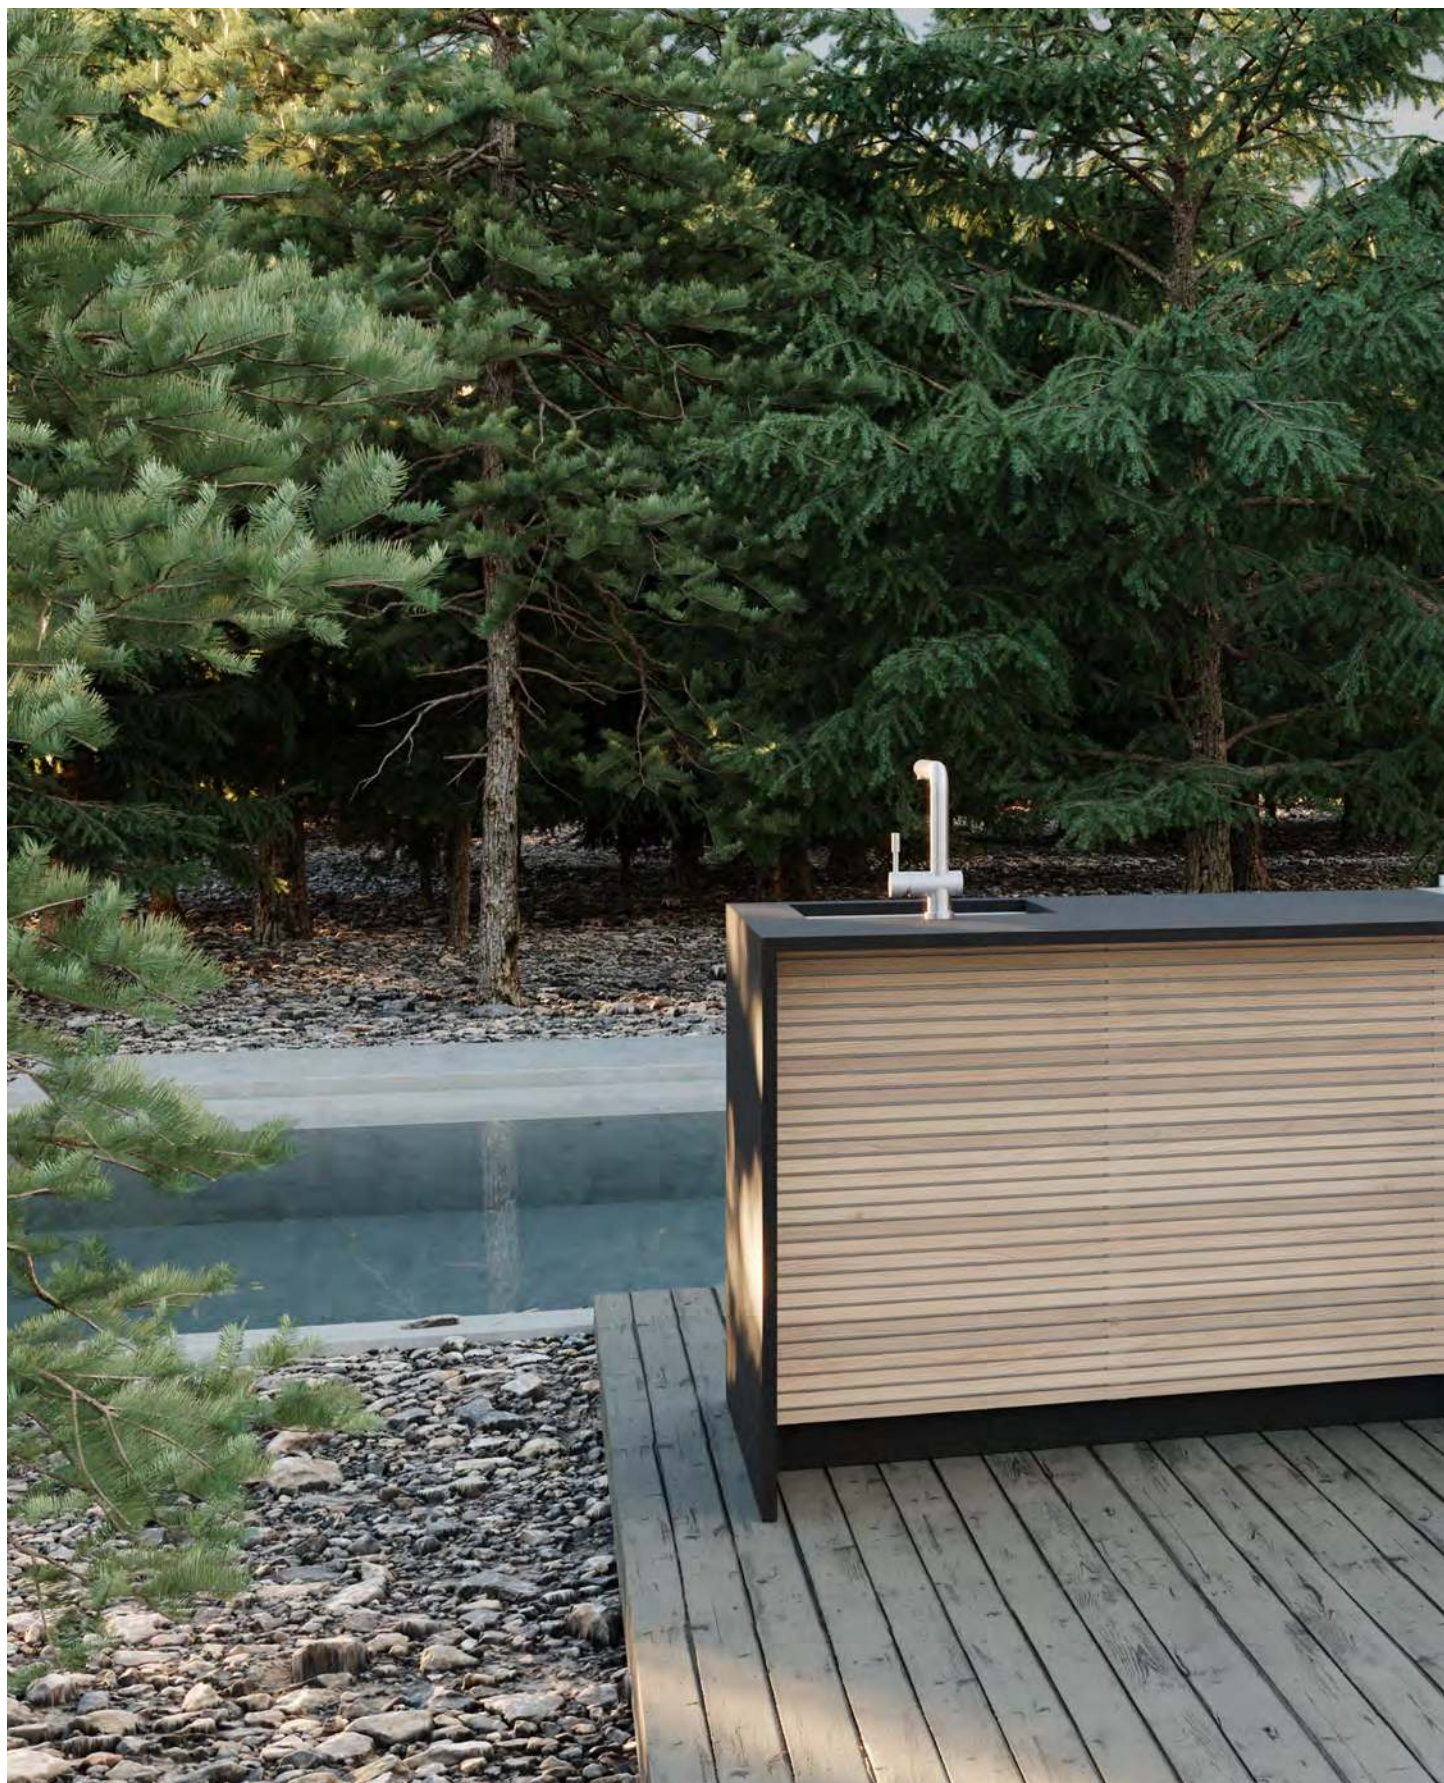

Open space planning, clear architectural axes: this outdoor kitchen embodies the fusion of outdoor cooking and outdoor living into a holistically conceived living space. The fronts of the **CUBIC OUTDOOR KITCHEN C3** can be faced with the same ceramic as the worktop and waterfall ends. This creates a design that has never been seen before in the outdoor sector: An exquisite look that harmonises perfectly with its surroundings and blends seamlessly with them. The doors and drawers also blend elegantly into one another. The **CUBIC OUTDOOR KITCHEN C3** offers completely new possibilities, especially for lovers of lighter shades.

in outdoor cooking.*

CUBIC OUTDOOR KITCHEN C3

CUBIC OUTDOOR KITCHEN C4

C4

Made in Germany, but oh so British C4's friendly design, delicate pastel tones and authentic charm, **CUBIC OUTDOOR KITCHEN C4** creates special cosiness in the place where you love to cook and spend time. The C4 panels are provided with a characteristic tongue & groove look which completes the inviting effect and nostalgic cosiness with our classic bow handles. High-quality appliances allow the combination of modern functionality without a break in style. With the flexible design and many possible combinations, this creates an outdoor kitchen system that finally merges the transition between indoors and outdoors.

A characteristic kitchen to
enjoy an endless *summer*.

KITCHEN IN A CUPBOARD

Kitchen in a cupboard

The **CUBIC KITCHEN IN A CUPBOARD** offers everything you need to create order when cooking outdoors. You can place everything that is regularly used for outdoor cooking: spices, pans and kitchen utensils as well as crockery. The entire contents of the cupboard are visible, within reach and in the designated place. There is storage space for all the utensils you need in the kitchen, but nothing unnecessary beyond that. This is ideal for terraces and all those who may need a little more storage space. The **CUBIC KITCHEN IN A CUPBOARD** can also be additionally equipped with a sink, a dishwasher or a refrigerator. The entire interior is well protected from bad weather and stays perfectly clean all year round - so cooking outside can start right away, even without the need for extensive cleaning in advance. Of course, the **CUBIC KITCHEN IN A CUPBOARD** also abounds in the usual CUBIC quality: absolutely weatherproof, 365 days a year!

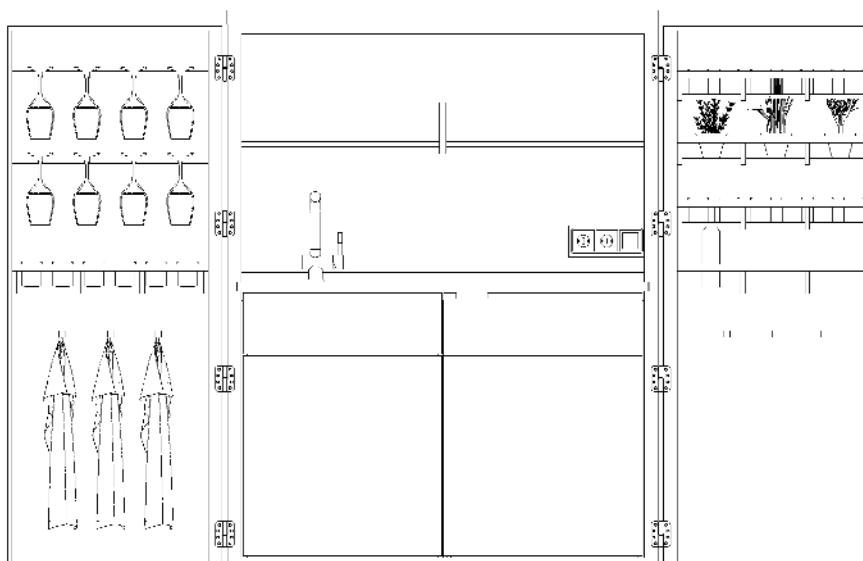

KITCHEN IN A CUPBOARD

Always at hand

Just like the **CUBIC OUTDOOR KITCHEN**, the **CUBIC KITCHEN IN A CUPBOARD** can be adapted to your individual wishes. The standard equipment already includes the ceramic worktop, practical shelves and LED lighting. More storage space for spices, glasses and cooking utensils is provided by practical storage in the doors - everything finds its place, even in a small space. Interior lighting and integrated sockets provide additional comfort - and are also included in the standard equipment. A sink, a dishwasher and a refrigerator are available optionally. You can combine these additional features individually - just as you need it. So your barbecue time outdoors becomes comfortable and completely relaxed.

KITCHEN IN A CUPBOARD

CUBIC OUTDOOR KITCHEN C1

All about storage

CU BIC furniture can adapt itself to all circumstances. On the one hand to its environment - a small niche, beyond a window sill or between two planters. On the other hand, everything has to find its place in it. As a manufacturer of high-quality cushion boxes, cupboards and sideboards, we know what really matters. The modular design and individual production enables the CUBIC outdoor furniture to be optimally adapted to your needs. Due to technical ingenuity, all of your garden utensils - from pillows, dishes to barbecue tongs - are safe and dry in your **CU BIC** outdoor furniture all year long. You can also choose between standard cupboards or drawers. Internal fittings and the number of shelves will be adapted according to your wishes.

CUBIC LOUNGE

CUBIC LOUNGE

CUBIC BOX

Box

In a **CUBIC BOX** cushions will find a safe space all year round. Whether it rains, storms or snows - in the **CUBIC BOX** the cushions will be well protected in all weathers. The special ventilation system prevents the formation of condensation and odours without water entering the **CUBIC BOX**. The **CUBIC BOX** is available in different standard sizes. To ensure that all cushions can also be stowed away comfortably, we will be happy to adapt the **CUBIC BOX** exactly to your amount of cushions or to a special place on site!

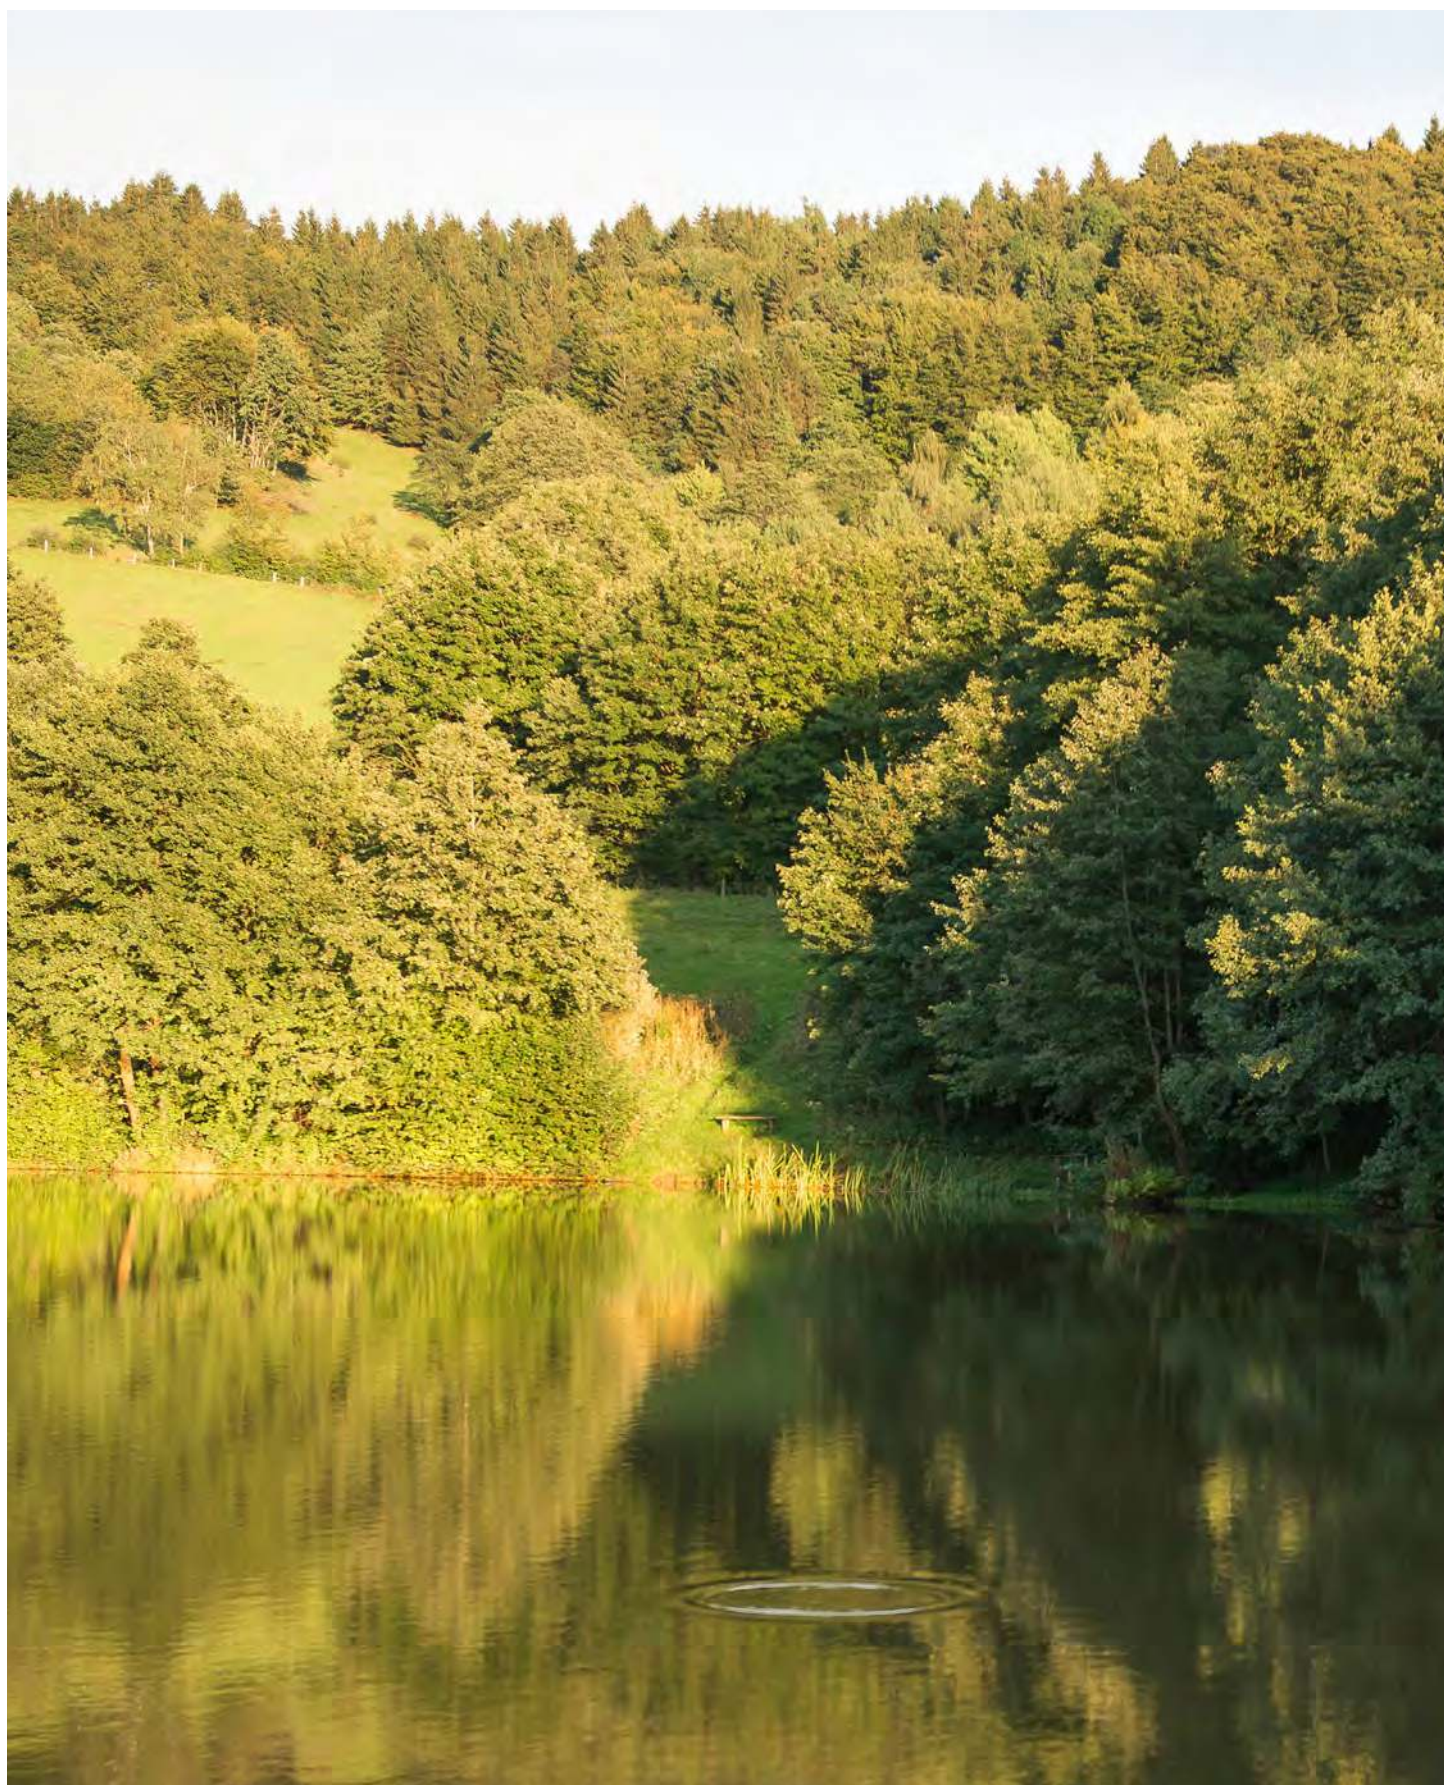

CUBIC BOX

CUBIC BOX

CUBIC CUPBOARD

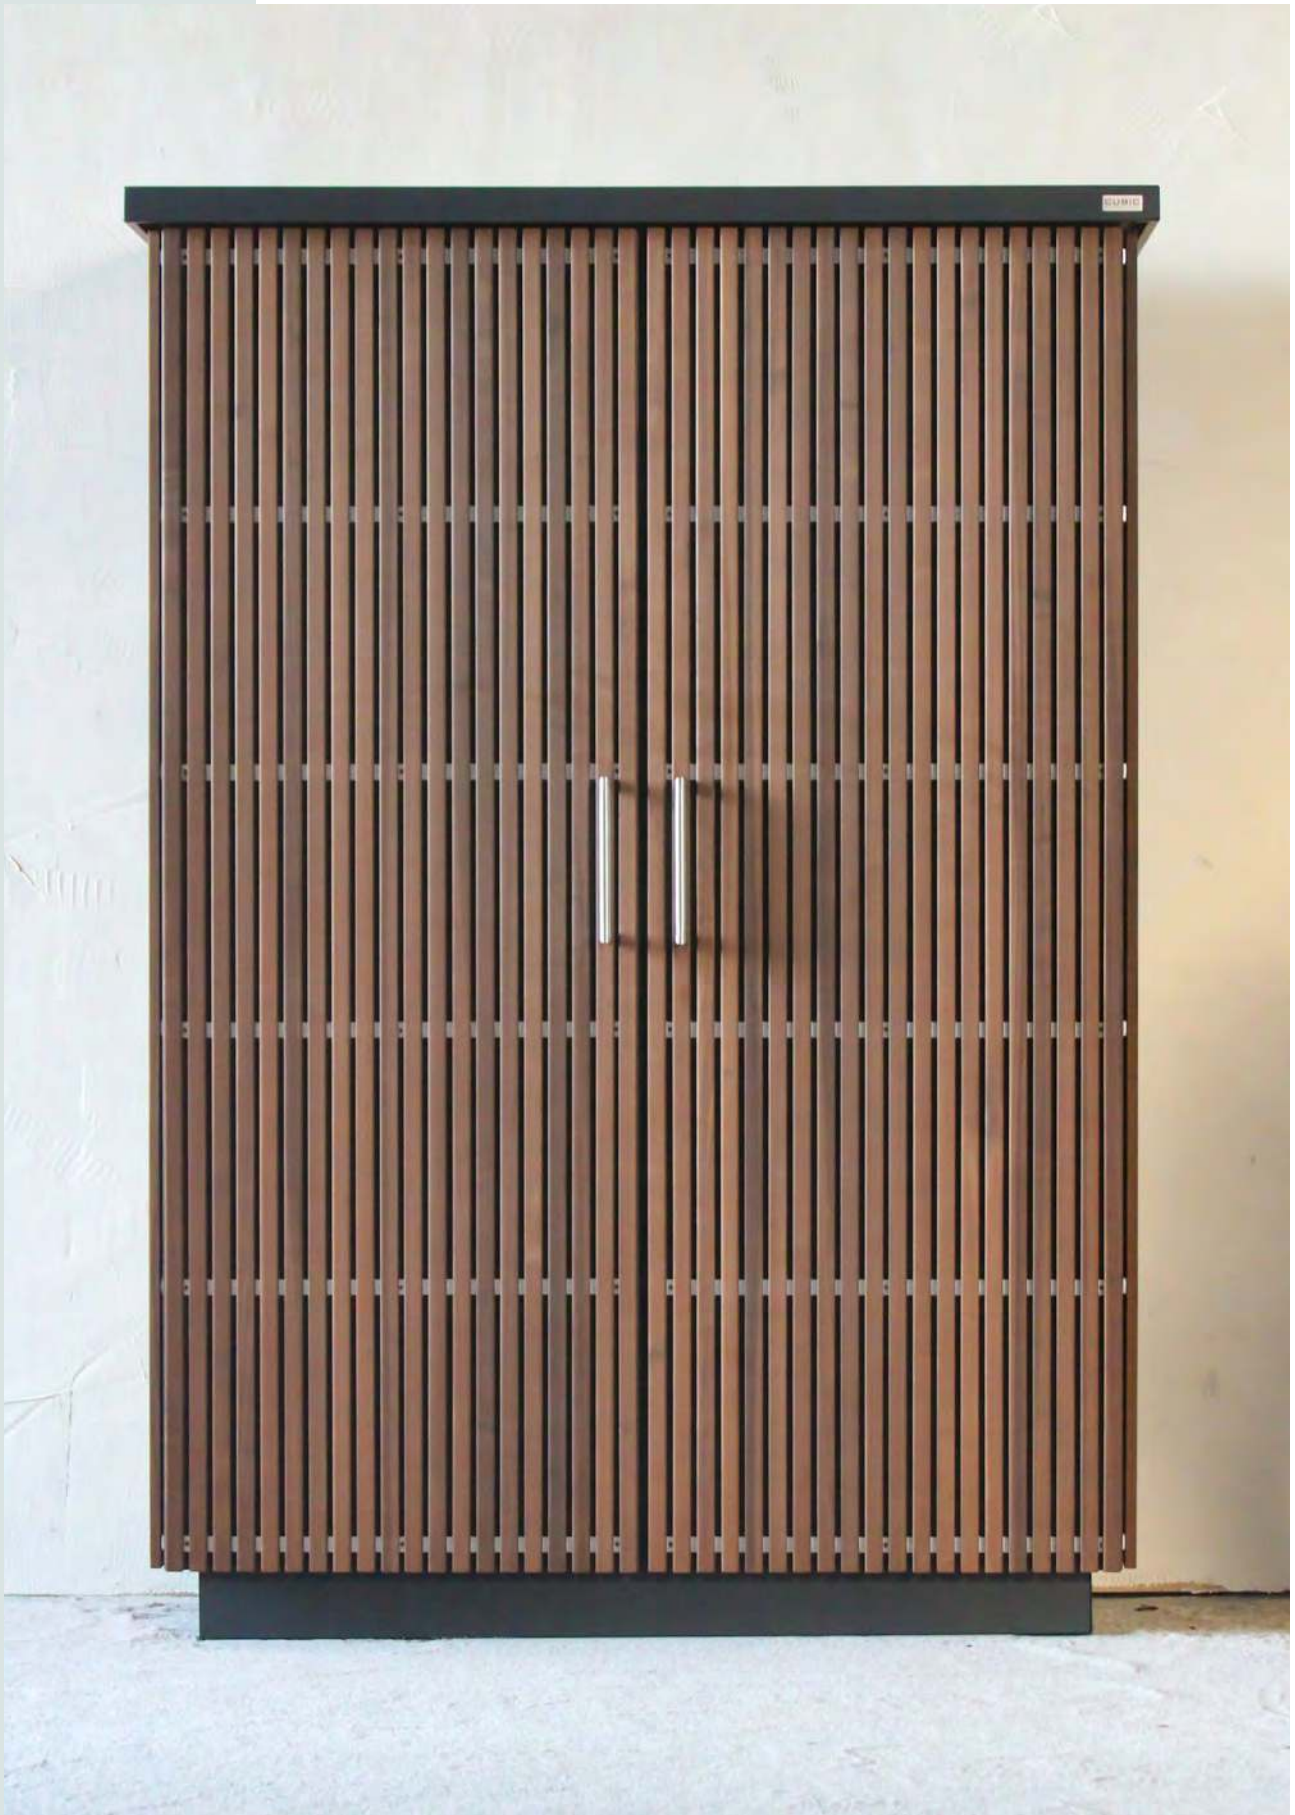

Cupboard

CUBIC CUPBOARDS are true storage space wonders. Individually adapted to your available space, they can be used to store all kinds of garden tools, cushions, blankets or decorative items. The flexible interior partitioning allows you to create the right storage space for a wide variety of utensils. Of course, the **CUBIC CUPBOARDS** are also equipped with a ventilation system. Large cushions, e.g. for sun loungers, also find their place here. With an outdoor cupboard, any amount of practical storage space can be created even on a small footprint. Due to the optimal use of space, the cabinets are especially suitable for narrow terraces.

CUBIC CUPBOARD WITH VERTICAL WOODEN CLADDING

CUBIC CUPBOARD C2

CUBIC SUN LOUNGER

CUBIC SIDEBOARD C2

Sideboard

Flexibility for all applications is offered by the **CUBIC SIDEBOARD**. Inside the cabinet there is bespoke storage room for all the things you wish to keep immediately to hand. You can use the top as storage surface or with the optional ceramic top it gets a fully-fledged worktop for your garden work. The **CUBIC SIDEBOARD** is also a perfect extension to a kamado grill or pizza oven. Inside is enough storage room for barbecue tongs, aprons and all the additional equipment, so there is enough space to prepare all the delicacies on the top.

CUBIC HIGHBOARD C2

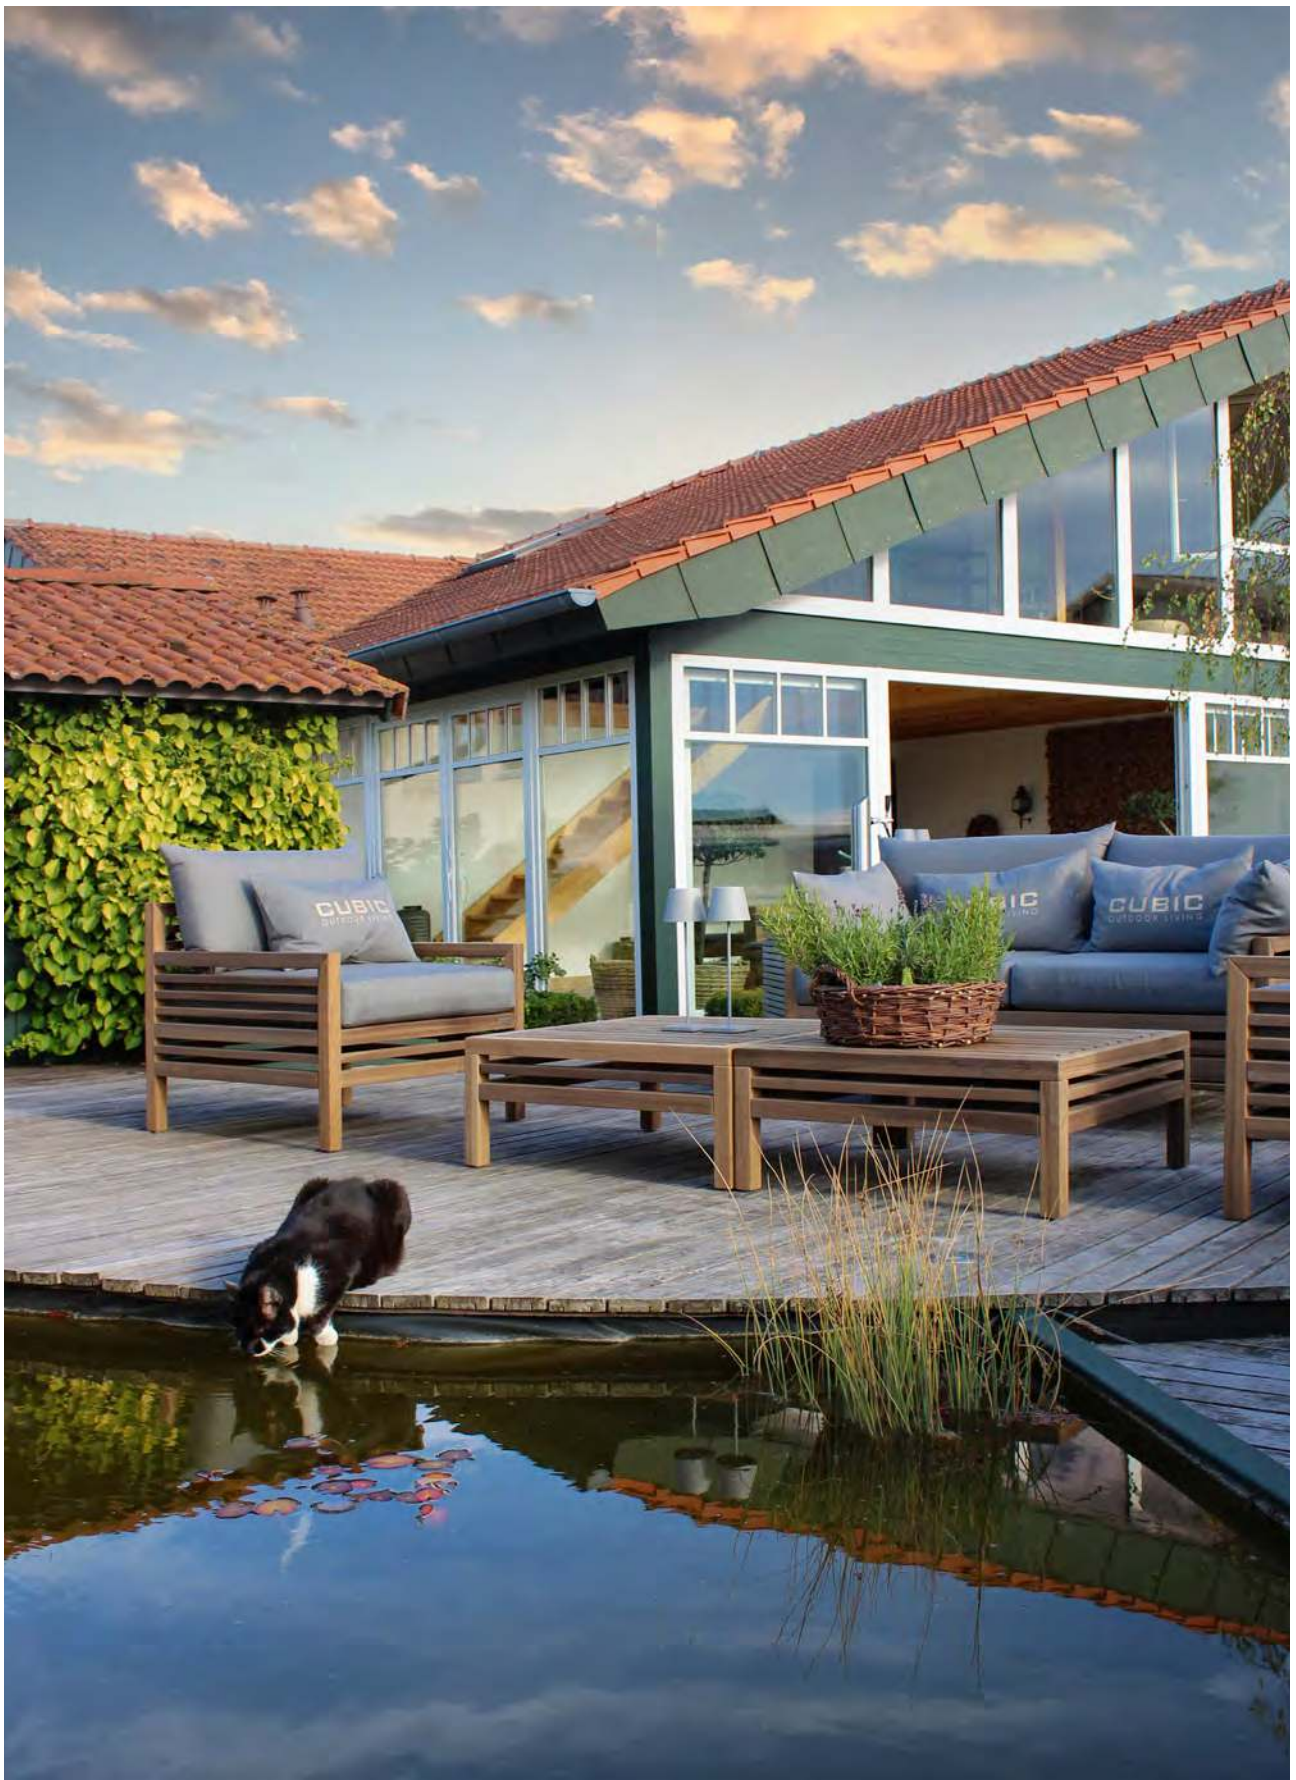

CUBIC OUTDOOR KITCHEN C2

CUBIC LOUNGE

Enjoy a perfect
summer *day.*

CUBIC LOUNGE

Lounge

Natural, simple, comfortable - this is **CUBIC LOUNGE**. The seating furniture is available in different types of wood so that it blends harmoniously into the surroundings. Equipped with cosy cushions, **CUBIC LOUNGE** is suitable for all year outdoor use. We use only wood that is excellently suited for outdoor use. **CUBIC LOUNGE** is available in various standard sizes. We will gladly adapt the sizes to your individual needs. For relaxing sunny days the **CUBIC SUN LOUNGER** offers an ideal complement. In rainy weather or in the winter, your cushions can be stored in the matching **CUBIC** storage miracle. The perfect conditions for a relaxing time outdoors.

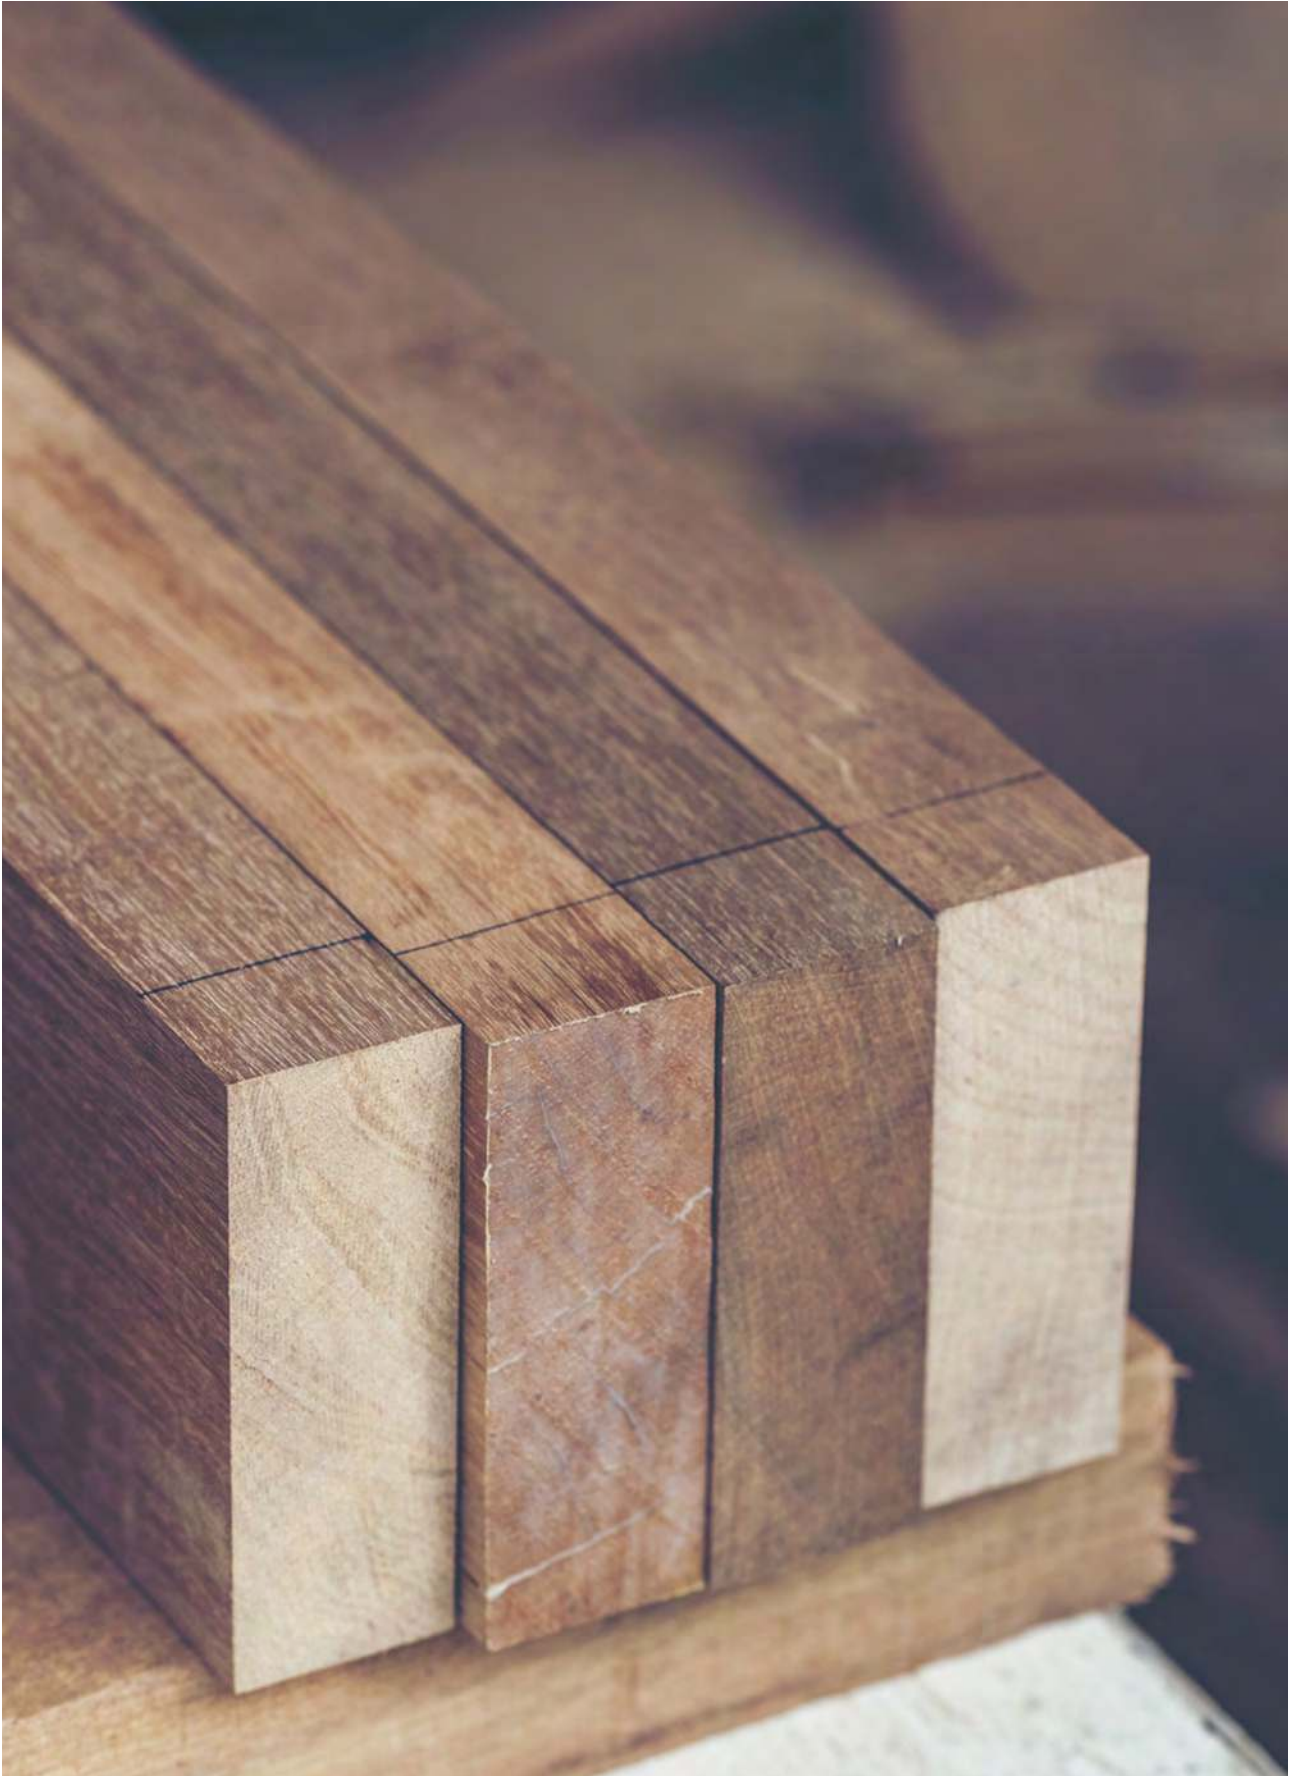

CUBIC LOUNGE

Colours

CUBIC cabinets and outdoor furniture are made of our complete and continuously weatherproof Cubic material. The exterior surface can be either with a sanding pattern or with a special textured finish similar to a powder coating. The body of your **CU BIC** furniture will be painted to blend in perfectly with the existing environment. You can choose from our standard colours or pick a custom shade. We will be happy to provide you with original samples.

Wood

For a particularly natural charm, you can cover your furniture with stylish Lamella wooden slats. These can be arranged vertically or horizontally and can be attached to the back, sides or front as required. We only use only the highest quality wood, which are always characterised by their durability in outdoor use. Depending on the type of wood, weathering will occur, but does not affect the stability or durability of the wood. This process is a natural part of of ageing. Special wood types and coatings are available upon request. We will be happy to provide you with original samples.

CERAMIC: CEPPO DE GRE

Worktop

With a high-quality worktop, your CUBIC OUTDOOR KITCHEN becomes a real workplace. Basically, you have the choice between a ceramic or natural stone worktop. With their light weight, our ceramic worktops are particularly suitable for roof terraces. When handled properly, the fired surface is extremely scratch-resistant, acid-resistant and easy to clean. Ceramic also does not absorb odours, does not release substances and certainly does not provide a breeding ground for bacteria, germs or mold. Thanks to its insensitivity to acids or dirt, the ceramic worktop will remain beautiful for years to come. With natural stone, the kitchen can be perfectly matched to the flooring or achieve a natural look. With the thickness of the worktop, you can play between light and solid look. Special decors and natural stone are available on request. We will be happy to provide you with original samples.

Passionate craftsmanship

Producing outdoor furniture requires special knowledge and issues an unknown challenge to typical carpentries. For over 70 years we are specialised in finding and creating customized solutions for outdoors. If you need an individual wall unit, planter, privacy shield, outdoor kitchen or the like of - it is our personal aspiration to find the optimal solution for every problem. All furniture is designed and fabricated to customers' requirements in the company-owned manufacture in northern Bavaria. Innovation, know-how and individuality are Herrenhaus' leading values. To achieve our high-quality standards we only use high-class-materials in our Herrenhaus manufactory. Reliability, attention to detail and sustainability are the values Herrenhaus' furniture stands for.
